

Quick Start Guide Version 1.0

Please make sure that you have read the manual before attempting the operation.

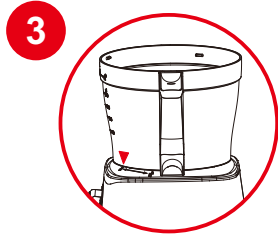

Unpack

Unpack the box and take out the contents.
Place the motor base on a flat surface.

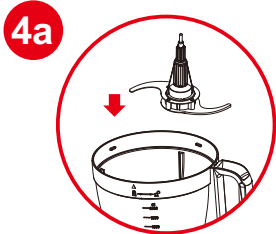

Place The Bowl

Place the bowl onto the motor base with the handle facing the right side of the control panel.

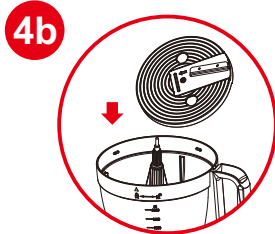

Lock The Bowl

Turn clockwise to click the bowl into the locked position.

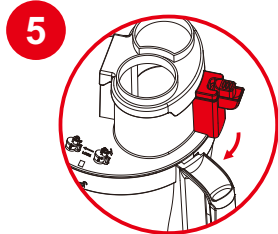

Mount The Blade

When using chopping blade or kneading blade, mount the assembled driving shaft and blade into the bowl.

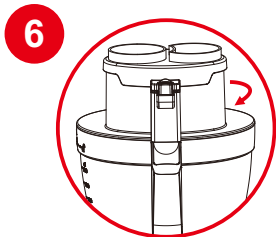

Mount The Disc

When using a blade disc, insert the driving shaft, then put assembled disc holder and disc blade together into the bowl.

Place The Lid On The Bowl

Find the "small rectangle" symbol on the lid, align the symbol with the "unlock" symbol on the bowl, and then cover the lid on the bowl.

Lock The Lid

Turn clockwise to click the lid into the locked position.
The handle should be facing the right side of the control panel.

Start Processing

Plug the appliance into a power supply and turn "ON". Turn the rotary switch on the control panel to select the desired setting. Feed ingredients through the feeding chute.

Cleaning

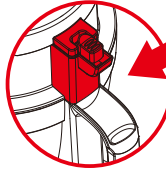

To clean, wash all accessories with warm soapy water. Wipe down the base with a moist cloth.

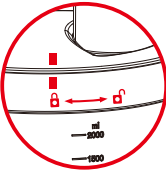

Installation Tips:

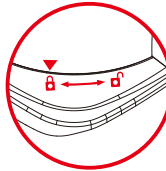

For better installation, please place the lid on the bowl with 30 degree angle between the buckle and the handle. Please follow the symbols on the lid and bowl to lock and unlock the lid.

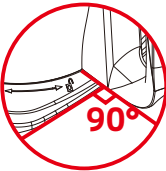

The lid should be firmly locked as the left picture shows to make sure the safety lock is activated.

Please notice the "lock" and "unlock" symbols and directions on the bowl.

Please lock and unlock the bowl according to the lock and unlock symbols on the base.

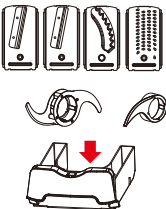

The bowl should be firmly locked to activate the safety lock. For a new appliance, it may be a little difficult to lock the bowl on the motor base, so you need to use some strength. Make sure that the handle is facing to the right at a 90 degree angle.

NEVER try to install the bowl with handle on the left, it can not be installed! Please install the bowl with handle on the right.

Operation Tips:

Please notice all the blades can be stored inside the drawer.

Please always make sure the buckle (safety lock) is locked before using. You can use the small pusher alone or the small and big pusher together as an assembly. Please mind the "lock" and "unlock" symbols on the small pusher.
